HOW IT WORKS

Tenants matched for the program pay a percentage of their income, and the balance of the rent is supported with government and philanthropic funding. **Payment is guaranteed by a nonprofit organization.**

WHAT WE ARE LOOKING FOR IN A RENTAL UNIT

- Friendly to people on a fixed income or to people with third-party housing assistance funds
- Easy access to public transportation
- Units with their own bathroom and kitchen or kitchenette
- Any size unit with highest demand for studios and 1 and 2 bedroom units

WHAT TO EXPECT

Housing Providers will be asked to provide basic information about your available units such as:

- Number of units available
- Size, location and other characteristics of units
- Contact name and phone number
- Do you know another housing provider who might be interested?

You will then be connected to a housing manager to look for a tenant match for your unit(s).

OUR GOALS

Our goal is to engage our community in helping to ensure everybody has a place to call home. Building strong and lasting partnerships with property owners will help us work towards ending homelessness in Alameda County. Our aim is to identify at least 300 housing units by the end of 2020.

“We have found direct housing and service providers to be highly competent, compassionate, and equally committed to both their clients and us as strategic partners. In this spirit of partnership, we are not only cultivating stable tenancies, these efforts provide good people with safe properties for building a life, and a solid foundation for long term success.”
