

ORDINANCE NO. 2017-_____

AN ORDINANCE AMENDING CHAPTER 6.108 OF THE ALAMEDA COUNTY GENERAL ORDINANCE CODE TO REGULATE MEDICAL CANNABIS DISPENSARIES, TO PERMIT AND REGULATE THE DELIVERY OF MEDICAL CANNABIS IN THE UNINCORPORATED AREA OF THE COUNTY OF ALAMEDA, AND TO REGULATE THE SALE, DISPENSING AND DELIVERY OF EDIBLES

SECTION 1

The Board of Supervisors makes the following findings of fact in support of this ordinance:

1. In 1996, the voters of the State of California approved Proposition 215 (codified as California Health and Safety Code section 11362.5 and titled the "Compassionate Use Act of 1996"); and
2. The intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to be able to obtain and use it without fear of criminal prosecution under limited, specified circumstances; and
3. In 2004, Senate Bill 420 was enacted (codified as California Health and Safety Code section 11362.7 *et seq.* and titled the "Medical Marijuana Program Act") to clarify the scope of the Compassionate Use Act of 1996. The Medical Marijuana Program Act allows counties to adopt and enforce rules and regulations consistent with its provisions; and
4. In 2011, Assembly Bill 2650 was enacted (codified as California Health and Safety Code section 11362.768). This law affirms that counties can adopt ordinances that restrict the location and establishment of medical cannabis collectives and cooperatives; and
5. In 2015, Assembly Bill 243, Assembly Bill 266 and Senate Bill 643 were enacted (codified in part as California Business and Professions Code section 19300 *et seq.* and titled the "Medical Marijuana Regulation and Safety Act"). These bills also amended provisions of the Medical Marijuana Program Act related to the cultivation of medical cannabis; and
6. In 2016, Senate Bill 837 was enacted to change all references to medical marijuana or marijuana to medical cannabis or cannabis, including changing the name of the Medical Marijuana Regulation and Safety Act to the Medical Cannabis Regulation and Safety Act; and
7. The Medical Cannabis Regulation and Safety Act established a comprehensive framework to license and regulate commercial medical cannabis cultivation, manufacturing, distribution, transportation, sales, and testing; and
8. On November 8, 2016, the voters of the State of California approved Proposition 64 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Control, Regulate and Tax Adult Use of Marijuana Act"), which decriminalized the adult use of cannabis for non-medical purposes and established a regulatory scheme at the state level; and

9. On June 27, 2017, Senate Bill 94 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the “Medicinal and Adult-Use Cannabis Regulation and Safety Act”, or, “MAUCRSA”) repealed and replaced MCRSA. MAUCRSA consolidates the medical and non-medical cannabis statutes (MCRSA and Proposition 64).
10. Pursuant to California Business and Professions Code section 26200, nothing in the Medicinal Cannabis Regulation and Safety Act shall be interpreted to supersede or limit existing local authority for law enforcement activity, enforcement of local zoning requirements or local ordinances, or enforcement of local permit or licensing requirements; and
11. This Ordinance is enacted, consistent with the Compassionate Use Act of 1996, the Medical Marijuana Program Act, and the Medicinal and Adult-Use Cannabis Regulation and Safety Act to protect the public health, safety, and welfare of residents of the County of Alameda in relation to the distribution and delivery of medical cannabis; and
12. In *City of Riverside v. Inland Empire Patients Health and Wellness Center, Inc.* (2013) 56 Cal.4th 729, the California Supreme Court concluded that nothing in the Compassionate Use Act nor the Medical Marijuana Program Act precludes a local jurisdiction from regulating or prohibiting facilities that distribute medical cannabis; and
13. Although not authorized by the County, it is believed that the delivery of medical cannabis has been occurring in the unincorporated area of the County; and
14. Permitting the delivery of medical cannabis provides an important service to those who are seriously ill, elderly, and persons with disabilities who are otherwise unable to easily access “brick and mortar” dispensaries; and
15. Absent appropriate regulation, the delivery of medical cannabis in the unincorporated area of the County poses a potential threat to the public peace, health, and safety; and
16. Medical cannabis dispensaries have been dispensing food products containing cannabis, commonly referred to as “edibles”, that may constitute a unique health hazard to the public because, unlike other ingestible items, edibles are not presently regulated, inspected, or analyzed for concentration by state or federal government; and
17. The County intends to proceed with further study and public meetings to consider additional ordinances that most effectively regulate and license all facets of medical cannabis activities, including cultivation and manufacturing; and
18. The County has a compelling interest in protecting the public health, safety, and welfare of its residents, visitors and businesses, in preserving the peace and quiet of the neighborhoods within the unincorporated areas of the County by regulating the distribution and delivery of medical cannabis and the packaging, labeling and sale of edibles; and
19. In adopting the East County Area Plan (ECAP) in 1994 and Measure D in 2000, the Board of Supervisors and the voters established an urban growth boundary and associated goals and policies to protect agricultural and open space uses while allowing some limited development, including “agriculture enhancing commercial uses” that can demonstrate an economic connection to agricultural use and production and “visitor-serving commercial uses” that promote agriculture and are subordinate and directly related to the area’s

agricultural production; and

20. The Board of Supervisors has determined that, with appropriate conditions, cultivation of medical cannabis may be an appropriate conditionally permitted use in the agricultural districts and outside of the urban growth boundary established by Measure D; and
21. The Board of Supervisors has determined that, with appropriate conditions, a dispensary may be an appropriate conditionally permitted use in the agricultural district and outside of the urban growth boundary established by Measure D as an "agriculture enhancing commercial use" and a "visitor-serving commercial use" that is economically related to and supports the area's cannabis cultivation; and
22. This Ordinance regulates the dispensing and delivery of medical cannabis and medical cannabis products in the unincorporated areas of the County and does not address the dispensing or delivery of cannabis for non-medical use under Proposition 64, MAUCRSA or otherwise; and
23. Nothing in this Ordinance shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. § 801 *et seq.* or to license any activity that is prohibited under said Act except as mandated by State law; and
24. Nothing in this Ordinance shall be construed to: (1) allow persons to engage in conduct that endangers others or causes a public nuisance; (2) allow the use of cannabis for non-medical purposes; (3) exempt dispensaries or delivery operations from compliance with zoning and land use regulations, or, (4) allow any activity relating to the cultivation, distribution, or consumption of cannabis that is illegal under state or federal law.

A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere.
 5. The applicant or the operator listed in the application is less than eighteen (18) years of age.

6. The health care services agency has determined that the application for a dispensary has failed to state a health care purpose that fulfills the purposes of Section 11362.5 *et seq.* of the California Health and Safety Code.
- B. Any application that is not rejected upon completion of the initial review shall be deemed an eligible application and submitted to the final selection phase of the solicitation process.

6.108.110 - Final selection of medical cannabis dispensaries.

- A. The final selection phase of the solicitation process shall be comprised of selection of which eligible applications shall be submitted for final selection and the establishment of operating conditions of any permits issued under this chapter. The final selection process shall not exceed one hundred and twenty (120) days in the absence of an appeal.
- B. The final selection process for dispensaries shall commence with the separation of all eligible applications into the areas that are delineated in subsection D of Section 6.108.030. If an area has a number of eligible applications that is the same as or less than the allowable number of medical cannabis dispensaries for such area, then all applications for that area shall be submitted for establishment of operating conditions as set forth in subsection C of this section. If any area has a number of eligible applications that exceeds the maximum number of dispensaries for such area, the eligible applications to be submitted for final selection shall be designated by a competitive evaluation process in which applicants are scored and ranked with the director recommending issuance of a permit to the highest ranked, eligible applicants in each geographic area where dispensary permits are available.
- C. The director shall establish operating conditions, in addition to the standard conditions contained in Section 6.108.120 for dispensaries and in Section 6.108.125 for delivery operations, for each eligible application that has been submitted for final review. The operating conditions shall be limited to those that are necessary to carry out the purposes of this chapter and to mitigate specific and foreseeable adverse impacts on properties in the vicinity.
- D. At the conclusion of the final selection, the director shall give notice to the dispensary permit applicant of the operating conditions that would attach to the permit. Within ten days after notice, the applicant shall either:
 1. Certify acceptance of the operating conditions and the standard conditions of the permit, and the permit shall thereupon issue immediately.
 2. If the applicant refuses or fails to certify agreement with any operating condition or standard condition, the application shall be denied. The applicant may appeal any condition within ten days after notice of the conditions. Upon either the failure to file a timely appeal or the rejection of the appeal, the application shall be deemed denied.
- E. The operating conditions established by the director shall include the requirement for each eligible applicant to obtain (1) any required state permits or licenses for the operation of a dispensary and delivery operation, if applicable, and (2) all land use entitlements required to operate a dispensary and delivery operation, if applicable. No dispensary or delivery permit shall be effective until these conditions of approval are satisfied.

6.108.120 - Standard conditions for medical cannabis dispensaries.

- A. Throughout the term of the medical cannabis dispensary permit, each permittee shall not violate this chapter, shall comply with the following standard conditions and shall not allow or tolerate violations of these standard conditions to occur at the dispensary:

1. All dispensing that does not comply with the provisions of Sections 26000, *et seq.*, of the Business and Professions Code applicable to medical operations, associated state regulations and the terms of the permit and this chapter is prohibited. It shall be the responsibility of the permittee to ensure that a good faith effort be made to verify the validity of any identification card and written recommendation provided to the dispensary.
2. Each dispensary shall maintain records of persons who have received cannabis from the dispensary. 3. No dispensary shall be open for business between the hours of 12:00 a.m. and 9:00 a.m. or between the hours of 9:00 p.m. and 11:59 p.m. on any day. No activities that are undertaken in the operation of the dispensary shall be conducted outside the interior premises of the dispensary.
4. Unless and until a local permit and state license allowing nursery or cultivation uses (e.g., Type 12 – Microbusiness) has been issued for the dispensary location, cannabis may not be grown or cultivated on the premises. However, the dispensary may sell clones and may provide such water, heat, and light as may be necessary to maintain the clones prior to sale, provided that such activities are incidental and subordinate to the primary dispensary operation.

A dispensary shall actively regulate and monitor its purchasing limits, such that no qualified patient, person with an identification card or primary caregiver is permitted to purchase in excess of eight ounces of cannabis in any calendar month.
5. No cannabis shall be smoked, ingested or otherwise consumed on the premises of a dispensary.
6. A cannabis dispensary shall ensure that its products are in tamper-evident packages and labeled as required by California Business and Professions Code Section 26120, regulations established by the Bureau, and requirements of the California Department of Food and Agriculture and by stating the name of the dispensary and the weight of cannabis. Any edible cannabis product must be contained in a package that is labeled to indicate the ingredients, including the amount of cannabis contained in the package, identify the product, state who is responsible for the product, and such other information as may be required by state or local law.

No person under the age of eighteen (18) shall be allowed on the premises and the dispensary shall not provide medical cannabis to any person under the age of eighteen (18), unless that person is a qualified patient, primary caregiver, or person with an identification card as defined by California Health and Safety Code section 11362.7.

9. The entrance to a dispensary shall be posted with a notice that states the restrictions on the presence of persons under the age of eighteen (18) and that smoking, ingesting or consuming cannabis on the premises is prohibited. In addition, each dispensary shall conspicuously display the permit.
10. No dispensary may hold a license from the State Department of Alcohol Beverage Control to sell alcoholic beverages, nor may it include a business that sells alcoholic beverages. No alcohol may be stored, sold, dispensed or used on the premises.
11. Each permittee shall maintain a current registry of persons, including, but not limited to, employees, contractors and volunteers, who are regularly engaged in the operation of the dispensary. The registry shall be provided to the director at any time upon request. The registry shall include the name, current residential address, telephone number, date of birth and the height, weight and color of eyes and hair of each such person. In addition, any new employees, independent contractors, other persons and/or volunteers to be regularly engaged in the operation of the proposed medical cannabis dispensary must submit their information to the sheriff's office within five days prior to their employment or engagement.

13. A dispensary shall provide adequate security on the premises, including lighting and alarms, to ensure the safety of persons and to protect the premises from theft.
14. The permittee shall make a good faith effort to resolve problems without the need for intervention by the county.
15. A dispensary shall provide litter removal services twice each day of operation on and in front of the premises and, if necessary, on public sidewalks within one hundred (100) feet of the premises.

17. A dispensary shall not be delinquent in the payment of fees required by this chapter.
18. All activities of the dispensary must take place within the interior of the building.
19. A dispensary must have appropriate restroom facilities that will accommodate both male and female customers.
20. 21. A dispensary shall package all cannabis flowers sold on its premises in child resistant packaging.
22. A dispensary shall implement a track and trace program with a unique identifier for every product, both for inventory stored in a safe and inventory packaged for sale. A dispensary shall implement a track and trace program that shall be in compliance with

Section 26067, 26068 and 26069 of the California Business and Professions Code and all applicable regulations, once that program is established and becomes operational.

23. A dispensary shall use devices that meet the standards of the California Department of Food and Agriculture's Division of Measurement Standards for all weighing and measuring devices, including but not limited to scales and scanners; register with Alameda County Sealer of Weights of Measures; allow inspections and sealing of all weighing and measuring devices, including scanners or POS systems; and comply with all other requirements in Division 5 of California Business and Professions Code related to weights and measures, Title 4 Division 9 of the California Code of Regulations, and any relevant Alameda County ordinance.
24. No dispensary shall (a) enter into any agreement with or employ a physician for the purpose of evaluating patients for the issuance of a medical cannabis recommendation or identification card; (b) allow a physician to locate on the dispensary premises at any time for the purpose of issuing a medical cannabis recommendation or identification card; (c) give or offer to give any form of remuneration to a physician if the physician or his or her immediate family have a financial interest (as that term is defined in California Business and Professions Code section 650.01) in the dispensary; and (d) not distribute any form of advertising for physician recommendations for medical cannabis in California unless the advertisement bears the notice to consumers contained in California Business and Professions Code section 2525.5.
25. Each dispensary shall fully comply with the terms of its approved security plan, floor plan and operating plan.
 - B. In order to minimize any adverse impacts on surrounding properties or residents, the standard operating conditions that are set forth in this section may be modified upon the issuance of the permit or upon ten days' notice during the term of the permit.
 - C. During the term of each permit, the county shall require the permittee to comply with the standard operating conditions that are set forth in this section or as they may be modified in accordance with subsection B of this section and, in addition, any such operating conditions that may be established pursuant to subsections C and D of Section 6.108.110.
 - D. At any time during the operation of a dispensary and without notice, the director, acting in conjunction with other appropriate county officials, may enter the premises for the purpose of observing compliance of the dispensary with the conditions of its permit.
 - E. Release of the county from liability. The owner and permittee of each dispensary and delivery operation shall release the county, and its agents, officers, elected officials, and employees from any injuries, damages, or liabilities of any kind that result from any arrest or prosecution of dispensary or delivery operator owners, operators, employees, or clients for violation of state or federal laws in a form satisfactory to the director.
 - F. County indemnification. The owners and permittee of each dispensary and delivery operator shall indemnify and hold harmless the county and its agents, officers, elected officials, and employees for any claims, damages, or injuries brought by adjacent or nearby property owners or other third parties due to the operations at the dispensary or by the delivery operator, and for any claims brought by any of their clients for problems, injuries, damages or liabilities of any kind that may arise out of the distribution, delivery and/or on- or off-site use of cannabis provided at the dispensary or delivered by the delivery operator in a form satisfactory to the director.

6.108.125 - Standard conditions for cannabis delivery operations.

6.108.190 – Sale, Distribution and Dispensing Edibles.

The sale, distribution and delivery of edibles shall be conducted in a manner that complies with all applicable food safety laws for the protection of consuming medical cannabis patients. It shall be unlawful for any dispensary or delivery operation to sell, distribute or deliver edibles not prepared, packaged or labeled as required by this Section.

A. Preparation of Edibles.

1. A facility, such as a commercial kitchen, that proposes to prepare, store, dispense, and distribute edibles must comply with the relevant provisions of all state and local laws regarding the preparation, distribution, labeling and sale of food. No food production will be allowed in the same facility to avoid the unintentional contamination of food with cannabis. Facilities shall be constructed, permitted, operated and inspected in accordance with the applicable building code and applicable food safety requirements by the Alameda County Department of Environmental Health.
2. Individuals involved in the production or distribution of edibles shall thoroughly wash their hands before commencing production and before handling the finished product. Gloves must be worn when packaging edibles.
3. To reduce the likelihood of foodborne disease transmission, individuals who are suffering from symptoms associated with acute gastrointestinal illness or are known to be infected with a communicable disease that is transmissible through foodstuffs are prohibited from preparing edibles until they are free of that illness or disease, or are incapable of transmitting the illness or disease through foodstuffs. Individuals who have sores or cuts on their hands must use gloves when preparing and handling edibles.
4. Producers of edibles must be state certified food handlers. The valid certificate must be onsite at the facility where the edible is produced and made available during inspections.
5. Hand-washing facilities shall be adequate and convenient and be furnished with 100F hot running water. Hand washing facilities shall be located in the facility in edible preparation areas and where good sanitary practices require employees to wash their hands and provide effective hand-cleaning (liquid soap) and disposable paper towel or suitable drying devices.

B. Packaging and Labeling of Edibles. Edibles shall be labeled and packaged in accordance with Section 26120 of the California Business and Professions Code and all applicable regulations and as provided in this subdivision.

1. All edibles shall be individually wrapped at the original point of preparation. Labeling shall be distinctly and clearly legible on the front of the package and must include: (a) a warning if nuts or other known allergens are used in the manufacturing of the edibles; (b) a warning that the item is a medication containing cannabis and the total weight (in ounces or grams) and amount of active ingredients in the package; (c) the cultivation and manufacture date and source; (d) a statement that the contents are not a food product; and (e) information indicating any caloric impact on the consumer. The package label must have a warning clearly legible emphasizing that the product is to be kept away from children.
 2. Labels of edibles that are not tested for contaminants (baked goods) shall include a statement that the cannabis used in the product was tested for contaminants.
 3. Packaging of edibles shall be opaque (non see-through), and may not make it appear as if the edible is a food product. Packaging that makes the product attractive to children or imitates candy is prohibited.
 4. Packaging of edibles shall be tamper proof and child resistant.
- C. Edible Product Log. Producers of edibles that are tested for contaminants shall maintain a written or computerized log documenting:
1. The source of the cannabis used in each batch of product;
 2. The contaminant testing date; and
 3. The testing laboratory that analyzed the sample of the medical cannabis product.

6.108.200 - Misdemeanor violation.

Any person violating any of the provisions of this chapter is guilty of a misdemeanor. Each person is guilty of a separate offense for each and every day during any portion of which any violation of any provision of this chapter or the permit is committed, continued or allowed in conjunction with the dispensary or delivery operation and is punishable accordingly. For purposes of this section, each and every day of violation includes each day on which a failure to comply with this chapter or any conditions of a permit issued pursuant to this chapter continues.

6.108.210 - Civil injunction.

In addition to the penalties provided in this chapter, any condition caused or allowed to exist in violation of any of the provisions of this chapter shall be deemed a public nuisance and shall, at the discretion of county, create a cause of action for injunctive relief.

6.108.2220- Severability.

The provisions of this chapter are hereby declared to be severable. If any provision, clause, word, sentence or paragraph of this chapter or the application thereof to any person, establishment or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this chapter.

6.108.230 - Judicial review.

Judicial review of a final decision made under this chapter may be had by filing a petition for a writ of mandate with the Superior Court in accordance with the provisions of Section 1094.5 of the California Code of Civil Procedure. Any such petition or any other action seeking judicial review shall be filed within ninety (90) days after the day the decision becomes final.

ORDINANCE NO. 2017-_____

AN ORDINANCE AMENDING TITLE 17 OF THE ALAMEDA COUNTY GENERAL
ORDINANCE CODE TO CONDITIONALLY PERMIT MEDICAL CANNABIS
DISPENSARIES IN SPECIFIED DISTRICTS WITHIN THE UNINCORPORATED AREA OF
THE COUNTY OF ALAMEDA

SECTION 1

The Board of Supervisors makes the following findings in support of this ordinance:

1. In 1996, the voters of the State of California approved Proposition 215 (codified as California Health and Safety Code section 11362.5 and titled the "Compassionate Use Act of 1996"); and
2. The intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to be able to obtain and use it without fear of criminal prosecution under limited, specified circumstances; and
3. In 2004, Senate Bill 420 was enacted (codified as California Health and Safety Code section 11362.7 *et seq.* and titled the "Medical Marijuana Program Act") to clarify the scope of the Compassionate Use Act of 1996. The Medical Marijuana Program Act allows counties to adopt and enforce rules and regulations consistent with its provisions; and
4. In 2011, Assembly Bill 2650 was enacted (codified as California Health and Safety Code section 11362.768). This law affirms that counties can adopt ordinances that restrict the location and establishment of medical cannabis collectives and cooperatives; and
5. In 2015, Assembly Bill 243, Assembly Bill 266 and Senate Bill 643 were enacted and subsequently revised by Assembly Bill 21 in 2016 (codified in part as California Business and Professions Code sections 19300 *et seq.* and titled the "Medical Marijuana Regulation and Safety Act"). These bills also amended provisions of the Medical Marijuana Program Act related to the cultivation of medical cannabis; and
6. In 2016, Senate Bill 837 was enacted to change all references to medical marijuana or marijuana to medical cannabis or cannabis, including changing the name of the Medical Marijuana Regulation and Safety Act to the Medical Cannabis Regulation and Safety Act; and
7. The Medical Cannabis Regulation and Safety Act established a comprehensive framework to license and regulate commercial medical cannabis cultivation, manufacturing, distribution, transportation, sales, and testing; and
8. On November 8, 2016, the voters of the State of California approved Proposition 64 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Control, Regulate and Tax Adult Use of Marijuana Act"), which decriminalized the adult use of cannabis for non-medical purposes and established a regulatory scheme at the state level; and
9. On June 27, 2017, Senate Bill 94 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Medicinal and Adult-Use Cannabis Regulation

and Safety Act”, or, “MAUCRSA”) repealed and replaced MCRSA. MAUCRSA consolidates the medical and non-medical cannabis statutes (MCRSA and Proposition 64).

10. Pursuant to California Business and Professions Code section 26200, nothing in the Medicinal and Adult-Use Cannabis Regulation and Safety Act shall be interpreted to supersede or limit existing local authority for law enforcement activity, enforcement of local zoning requirements or local ordinances, or enforcement of local permit or licensing requirements; and
11. This Ordinance is enacted, consistent with the Compassionate Use Act of 1996, the Medical Marijuana Program Act, and the Medicinal and Adult-Use Cannabis Regulation and Safety Act to protect the public health, safety, and welfare of residents of the County of Alameda in relation to the distribution and delivery of medical cannabis; and
12. In *City of Riverside v. Inland Empire Patients Health and Wellness Center, Inc.* (2013) 56 Cal.4th 729, the California Supreme Court concluded that nothing in the Compassionate Use Act nor the Medical Marijuana Program Act preclude a local jurisdiction from regulating or prohibiting facilities that distribute medical cannabis; and
13. The County has a compelling interest in protecting the public health, safety, and welfare of its residents, visitors and businesses, in preserving the peace and quiet of the neighborhoods within the unincorporated areas of the County by regulating medical cannabis dispensaries as a land use; and
14. Concurrent with this ordinance, the County is considering amending Chapter 6.108 of the General Ordinance Code which regulates cannabis dispensaries, including increasing the number of allowable dispensaries in the unincorporated areas of the County from three to five, with three allowable in the western, urban portions of the County and two allowable in the eastern, rural portions of the County; and
15. Concurrent with this ordinance, the County is considering adding Chapter 6.106 to the General Ordinance Code and amending the Zoning Ordinance to conditionally permit and regulate limited cannabis cultivation operations in Agricultural district of the unincorporated County; and
16. The County's General Ordinance Code currently regulates medical cannabis dispensaries, but does not include provisions in the Zoning Ordinance authorizing or regulating land uses for such dispensaries; and
17. The Board of Supervisors has determined that, with appropriate conditions, dispensaries may be appropriately located in certain commercial districts; and
18. The Board of Supervisors has determined that, although cultivation of medical cannabis shares some similarities with other agricultural activities, and as identified by recent state legislation, cultivation of medical cannabis raises health, safety and welfare concerns not raised by other traditional agricultural products and therefore, medical cannabis is not a permitted agricultural use by right for the purposes of land use and zoning; and
19. In adopting the East County Area Plan (ECAP) in 1994 and Measure D in 2000, the Board of Supervisors and the voters established an urban growth boundary and associated goals and policies to protect agricultural and open space uses while allowing some limited

development, including "agriculture enhancing commercial uses" that can demonstrate an economic connection to agricultural use and production and "visitor-serving commercial uses" that promote agriculture and are subordinate and directly related to the area's agricultural production; and

20. The Board of Supervisors has determined that, with appropriate conditions, cultivation of medical cannabis may be an appropriate conditionally permitted use in the agricultural districts and outside of the urban growth boundary established by Measure D; and
21. The Board of Supervisors has determined that, with appropriate conditions, a dispensary may be an appropriate conditionally permitted use in the agricultural district and outside of the urban growth boundary established by Measure D as an "agriculture enhancing commercial use" and a "visitor-serving commercial use" that is economically related to and supports the area's cannabis cultivation; and
22. This Ordinance regulates the dispensing of medical cannabis in the unincorporated areas of the County and does not address the dispensing of marijuana for non-medical use under Proposition 64, MAUCRSA or otherwise; and
23. The Board of Supervisors acknowledges that regulation of cannabis activities is an evolving field at the state level, as evidenced by the recent adoption of the Medicinal and Adult-Use Cannabis Regulation and Safety Act, passage of Proposition 64 and the related regulations being drafted by various state agencies that are not expected to be finalized and implemented until 2018. As a result, the field of local regulation is also expected to continue to evolve over the next several years including possible further revisions to the County ordinances, policies and performance standards; and
24. Nothing in this Ordinance shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. § 801 *et seq.* or to license any activity that is prohibited under said Act except as mandated by State law; and
25. Nothing in this Ordinance shall be construed to: (1) allow persons to engage in conduct that endangers others or causes a public nuisance; (2) allow cannabis uses for non-medical purposes; (3) exempt cultivation, dispensary or delivery operations from compliance with permitting regulations pursuant to other titles in this code, or, (4) allow any activity relating to the cultivation, distribution, or consumption of cannabis that is illegal under state or federal law.

ORDINANCE NO. 2017-_____

AN ORDINANCE ADDING CHAPTER 6.106 TO THE ALAMEDA COUNTY GENERAL ORDINANCE CODE TO IMPLEMENT A PILOT PROGRAM AUTHORIZING AND REGULATING THE CULTIVATION OF MEDICAL CANNABIS IN THE UNINCORPORATED AREA OF THE COUNTY OF ALAMEDA

SECTION 1

The Board of Supervisors makes the following findings of fact in support of this ordinance:

1. In 1996, the voters of the State of California approved Proposition 215 (codified as California Health and Safety Code section 11362.5 and titled the "Compassionate Use Act of 1996"); and
2. The intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to be able to obtain and use it without fear of criminal prosecution under limited, specified circumstances; and
3. In 2004, Senate Bill 420 was enacted (codified as California Health and Safety Code section 11362.7 *et seq.* and titled the "Medical Marijuana Program Act") to clarify the scope of the Compassionate Use Act of 1996. The Medical Marijuana Program Act allows counties to adopt and enforce rules and regulations consistent with its provisions; and
4. In 2011, Assembly Bill 2650 was enacted (codified as California Health and Safety Code section 11362.768). This law affirms that counties can adopt ordinances that restrict the location and establishment of medical cannabis collectives and cooperatives; and
5. Pursuant to the Medical Marijuana Program Act, patients and caregivers may provide and acquire medical cannabis in a cooperative or collective manner wherein caregiver members may cultivate cannabis for the use of patient members, with costs and revenues of the cooperative or collective allocated accordingly; and
6. In 2015, Assembly Bill 243, Assembly Bill 266, Senate Bill 643 were enacted and were subsequently revised by Assembly Bill 21 in 2016 (codified, in part, as California Business and Professions Code section 19300 *et seq.* and titled the "Medical Marijuana Regulation and Safety Act"). These bills also amended provisions of the Medical Marijuana Program Act related to the cultivation of medical cannabis; and
7. In 2016, Senate Bill 837 was enacted to change all references to medical marijuana or marijuana to medical cannabis or cannabis, including changing the name of the Medical Marijuana Regulation and Safety Act to the Medical Cannabis Regulation and Safety Act; and

8. The Medical Cannabis Regulation and Safety Act established a comprehensive framework to license and regulate commercial medical cannabis cultivation, manufacturing, distribution, transportation, sales, and testing; and
9. On November 8, 2016, the voters of the State of California approved Proposition 64 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Control, Regulate and Tax Adult Use of Marijuana Act"), which decriminalized the adult use of cannabis for non-medical purposes and established a regulatory scheme at the state level; and
10. On June 27, 2017, Senate Bill 94 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Medicinal and Adult-Use Cannabis Regulation and Safety Act", or, "MAUCRSA") repealed and replaced MCRSA. MAUCRSA consolidates the medical and non-medical cannabis statutes (MCRSA and Proposition 64).
11. Pursuant to California Business and Professions Code section 26200, nothing in the Medicinal and Adult-Use Cannabis Regulation and Safety Act shall be interpreted to supersede or limit existing local authority for law enforcement activity, enforcement of local zoning requirements or local ordinances, or enforcement of local permit or licensing requirements; and
12. The County adopted an ordinance prohibiting delivery and cultivation of cannabis on January 16, 2016 (Ordinance No. 2016-6, codified as Chapter 6.106 of the County General Ordinance Code) in response to a provision of the Medical Cannabis Regulation and Safety Act that included a March 1, 2016 deadline for local jurisdictions to act, which provision was repealed by Assembly Bill 21 on February 3, 2016; and
13. Ordinance No. 2016-6 provided, "This Ordinance shall be repealed by its own terms upon the adoption of state legislation repealing or eliminating the March 1, 2016 deadline in Health and Safety Code section 11362.777(c)(4)" and accordingly, Chapter 6.106 of the Alameda County General Ordinance Code was repealed on February 3, 2016.
14. This Ordinance is enacted, consistent with the Compassionate Use Act of 1996, the Medical Marijuana Program Act, and the Medicinal and Adult-Use Cannabis Regulation and Safety Act, to protect the public health, safety, and welfare of residents of the County of Alameda in relation to the cultivation of medical cannabis; and
15. The cultivation of medical cannabis in appropriate locations will help ensure that medical cannabis will be available to the patients in need of it while preserving the character, health and safety of the surrounding area; and

16. Absent appropriate regulation, the cultivation of medical cannabis in the unincorporated area of the County poses a potential threat to public peace, health, and safety; and
17. The County of Alameda intends to proceed with further study and public meetings to consider a permanent, countywide ordinance that effectively regulates and licenses cultivation of medical cannabis, including commercial cultivation; and
18. The County has a compelling interest in protecting the public health, safety, and welfare of its citizens, residents, visitors and businesses, in preserving the safety, peace and quiet of the neighborhoods and agricultural districts within the unincorporated areas of the County by regulating the cultivation of medical cannabis; and
19. Pursuant to the Medicinal and Adult-Use Cannabis Regulation and Safety Act, the California Department of Food and Agriculture is responsible for promulgating regulations governing commercial cannabis cultivation and issuing cultivation licenses, which are anticipated to become effective in or around the year 2018; and
20. The adoption of a pilot program allowing the short-term, small-scale cultivation of medical cannabis will allow the County to evaluate appropriate districts, performance standards and prohibitions prior to consideration of a permanent, countywide ordinance regulating all aspects of cannabis cultivation and implementing state regulations; and
21. Participants in the pilot cultivation program would be permitted to cultivate medical cannabis through the duration of the pilot program only and would have no right to continue cultivation beyond the expiration of the pilot program or the expiration or revocation of the permit; and
22. The existing dispensaries operating in the County have demonstrated an ability to operate secure and responsible medical cannabis dispensary establishments and to comply with existing county and state laws concerning the dispensing of medical cannabis; and
23. Allowing these dispensaries to expand operations to limited cultivation in an approved location will allow the County to study cultivation-specific issues, including any effects on neighboring uses and mechanisms to track the product from cultivation through ultimate sale with a consistent, responsible entity at both the beginning and end of the supply in a vertically integrated structure; and
24. Allowing limited additional cultivation operations during this pilot program will allow the County to study cultivation-specific issues, including any effects on neighboring uses and mechanisms to track the product from cultivation through ultimate sale with multiple parties participating in the supply chain outside of a vertically integrated structure; and
25. During the term of the pilot program, the County will retain the authority to modify the terms, duration or requirements of the pilot program, including the authority to cancel the

pilot program, revoke or modify permits issued, adopt a moratorium on cultivation, and take any other actions within its power to protect the health, safety and welfare of County residents.

26. This Ordinance regulates the cultivation of medical cannabis in the unincorporated areas of the County and does not address the cultivation of cannabis for non-medical use under Proposition 64, MAUCRSA or otherwise;
27. The Board of Supervisors acknowledges that regulation of cannabis activities is an evolving field at the state level, as evidenced by the recent adoption of the Medicinal and Adult-Use Cannabis Regulation and Safety Act, passage of Proposition 64 and the related regulations being drafted by various state agencies that are not expected to be finalized and implemented until 2018. As a result, the field of local regulation is also expected to continue to evolve over the next several years including possible further revisions to the County ordinances, policies and performance standards; and
28. Nothing in this Ordinance shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. §§ 801 *et seq.* or to license any activity that is prohibited under said Act except as mandated by state law; and
29. Nothing in this Ordinance shall be construed to: (1) allow persons to engage in conduct that endangers others or causes a public nuisance; (2) allow the cultivation of cannabis for non-medical purposes; (3) exempt cultivation operations from compliance with zoning and land use regulations, or, (4) allow any activity relating to the manufacturing, distribution, or consumption of cannabis that is illegal under state or federal law.

the purposes of Section 11362.5 *et seq.* of the California Health and Safety Code.

7. The applicant is delinquent in the payment of any applicable state or County taxes and fees.

B. Any application that is not rejected upon completion of the initial review shall be deemed an eligible application and submitted to the final selection phase of the solicitation process.

6.106.110 - Final selection of medical cannabis cultivation sites – cultivation only.

A. The final selection phase of the solicitation process shall include selection from the eligible applications and the establishment of operating conditions for any permits issued under this chapter to the selected eligible applicants. The final selection process shall not exceed sixty (60) days in the absence of an appeal.

B. If the number of eligible applications is the same as or less than the allowable number of cannabis cultivation sites allowed pursuant to section 6.106.030, then all applications shall be submitted for establishment of operating conditions as set forth in subsection C of this section. If the number of eligible applications exceeds the maximum number of cannabis cultivation sites pursuant to 6.106.030, then a competitive evaluation process shall be conducted in which applicants are scored and ranked with the director recommending issuance of a permit to the highest ranked, eligible applicants.

C. The director shall establish operating conditions for cannabis cultivation sites for each eligible application that has been submitted for final selection. The operating conditions shall be limited to those that are necessary to carry out the purposes of this chapter and to mitigate specific and foreseeable adverse impacts on properties in the vicinity.

D. At the conclusion of the final selection process outlined above, the director shall give notice to the cultivation permit applicant of the operating conditions that would attach to the permit. Within ten days after notice, the applicant shall either:

1. Certify acceptance of the operating conditions and the standard conditions of the permit, and the permit shall thereupon issue immediately.
2. If the applicant refuses or fails to certify agreement with any operating condition, the application shall be denied. The applicant may appeal any condition within ten days after notice of the conditions. Upon either the failure to file a timely appeal or the rejection of the appeal, the application shall be deemed denied.

E. The operating conditions established by the director shall include the requirement for each eligible applicant to obtain (1) any required state permits or licenses for the operation of a cultivation operation, if and when applicable, and (2) all land use entitlements required to operate a cultivation operation, if and when applicable. No cultivation permit shall be effective unless and until these conditions of approval are satisfied.

6.106.120 Appeal.

- A. An applicant aggrieved by the decisions described in Section 6.106.060 or Section 6.106.110 may appeal that decision to the board of supervisors within ten (10) days following the date of issuance of that decision by filing with the clerk of the board of supervisors or the director a notice of appeal specifying the grounds for such appeal. Filing such notice shall stay all proceedings in furtherance of the decision appealed from. The director is designated as an agent of the clerk of the board for purposes of receiving a notice of appeal.
- B. The board of supervisors shall give written notice of the time and place for hearing any appeal filed pursuant this section. Such notice shall be given to the applicant and to the agency which made the order appealed, and to any other person requesting such notice and depositing with the clerk of the board a self-addressed, stamped envelope to be used for that purpose.
- C. The board of supervisors may hear additional evidence and may sustain, modify, or overrule any order brought before it on appeal, and may make such findings and decisions as are not inconsistent with state law and county ordinances. The board of supervisors may also remand the decision to the director for reconsideration of his or her decision in light of new information not previously presented to the director. If no motion relative to the order appealed attains a majority vote of the board of supervisors within thirty (30) days from the date of the hearing by said board thereon, said order of the director shall stand sustained and be final.

6.106.130 Fees.

Each applicant shall reimburse the county for all staff costs, any consultant costs and any direct costs attributable to reviewing the application, conducting any required studies, acting upon the application, and verifying and enforcing compliance. The board of supervisors may establish a nonrefundable fee in order to reimburse the county for such costs.

6.106.140 Prohibited operations.

A permittee shall not conduct any manufacturing of cannabis on the premises. A permittee shall not dispense or deliver cannabis from the premises unless separately permitted by a cannabis dispensary or delivery permit pursuant to Chapter 6.108 of this code.

6.106.150 Violations

Any person violating any of the provisions of this chapter is guilty of a misdemeanor. Each person is guilty of a separate offense for each and every day during any portion of which any violation of any provision of this chapter or the permit is committed, continued or allowed in conjunction with the operation of a cannabis cultivation site and is

punishable accordingly. For purposes of this section, each and every day of violation includes each day on which a failure to comply with this chapter or any conditions of a permit issued pursuant to this chapter continues.

6.106.160 Limitations.

Nothing in this Ordinance shall be construed to: (1) allow persons to engage in conduct that endangers others or causes a public nuisance; (2) allow the cultivation of cannabis or cannabis for non-medical purposes; (3) exempt cannabis cultivation operations from compliance with zoning and land use regulations, or, (4) allow any activity relating to the manufacturing, distribution, or consumption of cannabis that is illegal under state or federal law.

6.106.170 Severability.

The provisions of this chapter are hereby declared to be severable. If any provision, clause, word, sentence or paragraph of this chapter or the application thereof to any person, establishment or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this chapter.

6.106.180 Judicial review.

Judicial review of a final decision made under this chapter may be had by filing a petition for a writ of mandate with the Superior Court in accordance with the provisions of Section 1094.5 of the California Code of Civil Procedure. Any such petition or any other action seeking judicial review shall be filed within ninety (90) days after the day the decision becomes final.

6.106.190 Sunset and termination.

The pilot program for cultivation of cannabis shall terminate two years from the effective date of this ordinance. Any rights or privileges granted to a permittee pursuant to this Chapter existing on that date shall also terminate on that date. Unless an ordinance is adopted to amend this provision, this Chapter shall be repealed automatically on the second anniversary of the effective date of this ordinance.

ORDINANCE NO. 2017-_____

AN ORDINANCE AMENDING TITLE 17 OF THE ALAMEDA COUNTY GENERAL ORDINANCE CODE TO IMPLEMENT A PILOT PROGRAM AUTHORIZING AND REGULATING THE CULTIVATION OF MEDICAL CANNABIS IN THE UNINCORPORATED AREA OF THE COUNTY OF ALAMEDA

SECTION 1

The Board of Supervisors makes the following findings of fact in support of this ordinance:

1. In 1996, the voters of the State of California approved Proposition 215 (codified as California Health and Safety Code section 11362.5 and titled the "Compassionate Use Act of 1996"); and
2. The intent of Proposition 215 was to enable persons who are in need of cannabis for medical purposes to be able to obtain and use it without fear of criminal prosecution under limited, specified circumstances; and
3. In 2004, Senate Bill 420 was enacted (codified as California Health and Safety Code section 11362.7 *et seq.* and titled the "Medical Marijuana Program Act") to clarify the scope of the Compassionate Use Act of 1996. The Medical Marijuana Program Act allows counties to adopt and enforce rules and regulations consistent with its provisions; and
4. In 2011, Assembly Bill 2650 was enacted (codified as California Health and Safety Code section 11362.768). This law affirms that counties can adopt ordinances that restrict the location and establishment of medical cannabis collectives and cooperatives; and
5. Pursuant to the Medical Marijuana Program Act, patients and caregivers may provide and acquire medical cannabis in a cooperative or collective manner wherein caregiver members may cultivate cannabis for the use of patient members, with costs and revenues of the cooperative or collective allocated accordingly; and
6. In 2015, Assembly Bill 243, Assembly Bill 266, Senate Bill 643 and Senate Bill 837 were enacted and subsequently revised by Assembly Bill 21 in 2016 (codified, in part, as California Business and Professions Code sections 19300, *et seq.* and titled the "Medical Cannabis Regulation and Safety Act"). These bills also amended provisions of the Medical Marijuana Program Act related to the cultivation of medical cannabis; and
7. The Medical Cannabis Regulation and Safety Act established a comprehensive framework to license and regulate commercial medical cannabis cultivation, manufacturing, distribution, transportation, sales, and testing; and

8. On November 8, 2016, the voters of the State of California approved Proposition 64 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Control, Regulate and Tax Adult Use of Marijuana Act"), which decriminalized the adult use of cannabis for non-medical purposes and established a regulatory scheme at the state level; and
9. On June 27, 2017, Senate Bill 94 (codified, in part, as California Business and Professions Code sections 26000 *et seq.* and titled the "Medicinal and Adult-Use Cannabis Regulation and Safety Act", or, "MAUCRSA") repealed and replaced MCRSA. MAUCRSA consolidates the medical and non-medical cannabis statutes (MCRSA and Proposition 64).
10. The County adopted an ordinance prohibiting delivery and cultivation of cannabis on January 16, 2016 (Ordinance No. 2016-6, codified as Chapter 6.106 of the County General Ordinance Code) in response to a provision of the Medical Cannabis Regulation and Safety Act that included a March 1, 2016 deadline for local jurisdictions to act, which provision was repealed by Assembly Bill 21 on February 3, 2016; and
11. Ordinance No. 2016-6 provided, "This Ordinance shall be repealed by its own terms upon the adoption of state legislation repealing or eliminating the March 1, 2016 deadline in Health and Safety Code section 11362.777(c)(4)" and accordingly, Chapter 6.106 of the Alameda County General Ordinance Code was repealed on February 3, 2016.
12. Pursuant to California Business and Professions Code section 26200, nothing in the Medicinal and Adult-Use Cannabis Regulation and Safety Act shall be interpreted to supersede or limit existing local authority for law enforcement activity, enforcement of local zoning requirements or local ordinances, or enforcement of local permit or licensing requirements; and
13. This Ordinance is enacted, consistent with the Compassionate Use Act of 1996, the Medical Marijuana Program Act, and the Medicinal and Adult-Use Cannabis Regulation and Safety Act, to protect the public health, safety, and welfare of residents of the County of Alameda in relation to the cultivation of medical cannabis; and
14. The Alameda County Zoning Ordinance (codified as Alameda County General Ordinance Code, Title 17) is a permissive zoning ordinance, enumerating permitted uses in the various zoning districts of the unincorporated county and thereby prohibiting those uses not specifically permitted, under a principle known as "permissive zoning"; and
15. The cultivation of cannabis is not explicitly addressed by the Alameda County Zoning Ordinance and therefore has previously been considered a prohibited illegal activity under the principles of permissive zoning; and

16. The cultivation of medical cannabis in appropriate locations will help ensure that medical cannabis will be available to the patients in need of it while preserving the character, health and safety of the surrounding area; and
17. Absent appropriate regulation, the cultivation of medical cannabis in the unincorporated area of the County poses a potential threat to public peace, health, and safety; and
18. The County intends to proceed with further study and public meetings to consider a permanent, countywide ordinance that effectively regulates and licenses cultivation of medical cannabis, including commercial cultivation; and
19. The County has a compelling interest in protecting the public health, safety, and welfare of its citizens, residents, visitors and businesses, in preserving the safety, peace and quiet of the neighborhoods and agricultural districts within the unincorporated areas of the County by regulating the cultivation of medical cannabis; and
20. The Board of Supervisors has determined that, although cultivation of medical cannabis shares some similarities with other agricultural activities, and as identified by recent state legislation, cultivation of medical cannabis raises health, safety and welfare concerns not raised by other traditional agricultural products and therefore, medical cannabis is not a permitted agricultural use by right for the purposes of land use and zoning; and
21. In adopting the East County Area Plan (ECAP) in 1994 and Measure D in 2000, the Board of Supervisors and the voters established an urban growth boundary and associated goals and policies to protect agricultural and open space uses while allowing some limited development, including "agriculture enhancing commercial uses" that can demonstrate an economic connection to agricultural use and production and "visitor-serving commercial uses" that promote agriculture and are subordinate and directly related to the area's agricultural production; and
22. The Board of Supervisors has determined that, with appropriate conditions, cultivation of medical cannabis may be an appropriate conditionally permitted use in the agricultural districts and outside of the urban growth boundary established by Measure D; and
23. Pursuant to the Medicinal and Adult-Use Cannabis Regulation and Safety Act, the California Department of Food and Agriculture is responsible for promulgating regulations governing commercial cannabis cultivation and issuing cultivation licenses, which are anticipated to become effective in or around the year 2018; and
24. The adoption of a pilot program allowing the short-term, small-scale cultivation of medical cannabis will allow the County to evaluate appropriate districts, performance standards and prohibitions prior to consideration of a permanent, countywide ordinance regulating all aspects of cannabis cultivation and implementing state regulations; and
25. Participants in the pilot cultivation program would be permitted to cultivate medical cannabis through the duration of the pilot program only and would have no right to

continue cultivation beyond the expiration of the pilot program or the expiration or revocation of the permit; and

26. During the term of the pilot program, the County will retain the authority to modify the terms, duration or requirements of the pilot program, including the authority to cancel the pilot program, revoke or modify permits issued, adopt a moratorium on cultivation, and take any other actions within its power to protect the health, safety and welfare of County residents.
27. This Ordinance regulates the cultivation of medical cannabis in the unincorporated areas of the County and does not address the cultivation of cannabis for non-medical use under Proposition 64, MAUCRSA or otherwise;
28. Nothing in this Ordinance shall be deemed to conflict with federal law as contained in the Controlled Substances Act, 21 U.S.C. sections 801, *et seq.* or to license any activity that is prohibited under said Act except as mandated by state law; and
29. Nothing in this Ordinance shall be construed to: (1) allow persons to engage in conduct that endangers others or causes a public nuisance; (2) allow the cultivation of cannabis for non-medical purposes; (3) exempt cultivation operations from compliance with zoning and land use regulations, or, (4) allow any activity relating to the manufacturing, distribution, or consumption of cannabis that is illegal under state or federal law.

SECTION 2

NOW, THEREFORE, BE IT ORDAINED by the Board of Supervisors of the County of Alameda, as follows:

Section 17.04.010 of the Alameda County General Ordinance Code is hereby amended to add the following definitions, inserted in alphabetical order into the existing text of the section:

"Cannabis" shall have the same definition as in Business and Professions Code section 26001(f), which defines "cannabis" as all parts of the plant *Cannabis sativa* Linnaeus, *Cannabis indica*, or *Cannabis ruderalis*, whether growing or not; the seeds thereof; the resin, whether crude or purified, extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin. "Cannabis" also means the separated resin, whether crude or purified, obtained from cannabis. "Cannabis" does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination. For purposes of this chapter, "cannabis" does not mean "industrial hemp" as defined by Section 11018.5 of the California Health and Safety Code.

“Cannabis Cultivation” means any activity involving the planting, growing, harvesting, drying, curing, grading, or trimming, including any associated storage, of Medical Cannabis.

“Medical Cannabis,” “Medical Cannabis Product,” or “Cannabis Product” means a product containing cannabis, including, but not limited to, concentrates and extractions, intended to be sold for use by medical cannabis patients in California pursuant to the Compassionate Use Act of 1996 (Proposition 215), found at Section 11362.5 of the Health and Safety Code. For the purposes of this chapter, “medical cannabis” does not include “industrial hemp” as defined by Section 11018.5 of the Health and Safety Code.

Section 17.52.585 is hereby added to the Alameda County General Ordinance Code and shall read as follows:

17.52.585 Conditional Use—Pilot Program for Cultivation of Medical Cannabis.

Cannabis Cultivation shall be permitted as a conditional use in the A district only if approved by the board of zoning adjustments as provided in Section 17.54.130 and only to the extent required to implement the County’s pilot program for Cannabis Cultivation established by Chapter 6.106 of this code.
- B. A Cannabis Cultivation permit must be issued and any appeals finally determined in accordance with Chapter 6.106 of this code prior to the hearing on an application for a conditional use permit pursuant to this section. A conditional use permit issued pursuant to this section shall be effective only during such time as the permittee also holds a valid and effective Cannabis Cultivation permit or license pursuant to Chapter 6.106 or a subsequent ordinance permitting or licensing Cannabis Cultivation and a valid and effective state license permitting Cannabis Cultivation, once such licenses become available.

6. Odorous gases or odorous matter shall not be emitted in quantities such as to be perceptible outside of the Cannabis Cultivation site;
7. The discharge into any public sewer, private sewage disposal system or stream or into the ground shall not occur except in accordance with the standards approved by the State Department of Health, of any materials of such nature or temperature as to contaminate any water supply, interfere with bacterial processes and sewage treatment, or in any way cause the emission of dangerous or offensive elements;

Permittees shall be required to comply with the performance standards and any conditions of approval applicable to a permit issued pursuant to this chapter.

Section 17.54.130 of the Alameda County General Ordinance Code regarding conditional uses is hereby amended as follows:
