

# EMERGENCY PREPAREDNESS RESOURCES

## FOR CHILD CARE PROVIDERS

Being prepared for an emergency or natural disaster is critical for your in-home child care center or child care facility to resume operations. Don't be caught off guard- plan ahead with these tools!

### MAKE A PLAN

Create a plan to help your center recover and resume operations after a disaster

- Explore the California Department of Social Services' [Child Care Disaster Resources](#)
- View UCSF's Child Care [Disaster Preparedness Guide](#)

### KNOW THE RISKS

Discover which hazards, such as floods or fires, may affect your business

- Review Alameda County's interactive [hazard maps](#)
- Learn more about how to be prepared in Alameda County at [ready.acgov.org](http://ready.acgov.org)

### STAY INFORMED

Sign up for Alameda County's [AC Alert](#) to receive emergency notifications

- Sign up for alerts from [PG&E](#) to be notified of public safety power shutoffs
- Identify your evacuation zone in advance using [genasys Protect](#)

### HAVE RELIABLE POWER

Invest in a backup power source to ensure service during a power outage

- Explore the California Air Resources Board's Zero Emissions Backup Power Tool for [residential](#) or [commercial](#) buildings

### PREPARE AN EMERGENCY KIT

Learn what needs to be included in an emergency kit and how to stay safe

- Use UCSF's [Emergency Supply Kit Checklist](#)
